Teresa,  
Here is the email that KUTV received from ALF tipping them off about the release. Sorry it has taken so long to get it to you. Our son moved back to Utah State University yesterday and he is the one that knows how to use our scanner. I was too tired last night to figure it out. Success this morning though and I guess you can teach an old dog new tricks.

Thanks for all your help and support this week. We would not have been able to deal with the press successfully with out your expertise and help. I will be in touch later today.

Thanks again,  
Lindsey McMullin
